Length of Pregnancy  weeks

Length of Delivery  hours (from first labor pains to birth)

Mother's Age at Birth (of your child)  years

Your child's birth weight  pounds  ounces

Did your child's mother receive prenatal medical care? ☐ Yes ☐ No ☐ I don't know

During pregnancy, did your child's mother use: ☐ alcohol ☐ vaping or e-cigarettes  
☐ tobacco (or other forms of nicotine) ☐ marijuana ☐ recreational or illicit drugs

List all prescription and over-the-counter medications used during pregnancy.

Did any of the following occur during pregnancy or delivery?

- |                                                                                               |                                                        |
|-----------------------------------------------------------------------------------------------|--------------------------------------------------------|
| <input type="checkbox"/> diabetes or excessive weight gain (more than 30 pounds)              | <input type="checkbox"/> unusual bleeding              |
| <input type="checkbox"/> preeclampsia or toxemia (high blood pressure)                        | <input type="checkbox"/> Rh factor incompatibility     |
| <input type="checkbox"/> infection or serious illness or injury                               | <input type="checkbox"/> frequent nausea or vomiting   |
| <input type="checkbox"/> water broke more than 24 hours before delivery                       | <input type="checkbox"/> labor or delivery was induced |
| <input type="checkbox"/> breech delivery (feet first)                                         | <input type="checkbox"/> labor (longer than 4 hours)   |
| <input type="checkbox"/> forceps or suction was used during delivery                          |                                                        |
| <input type="checkbox"/> planned or emergency Caesarian or C-section                          |                                                        |
| <input type="checkbox"/> medication given to ease labor pains—if so, list medication(s) below |                                                        |
| <input type="checkbox"/> other problems—please describe below                                 |                                                        |

Did any of the following affect your child during delivery or within the first few days after birth?

- |                                                                                               |                                                        |
|-----------------------------------------------------------------------------------------------|--------------------------------------------------------|
| <input type="checkbox"/> injured during delivery                                              | <input type="checkbox"/> needed oxygen                 |
| <input type="checkbox"/> cardiopulmonary distress during delivery                             | <input type="checkbox"/> was cyanotic (turned blue)    |
| <input type="checkbox"/> delivered with cord around neck                                      | <input type="checkbox"/> was jaundiced (turned yellow) |
| <input type="checkbox"/> had a low Apgar score                                                | <input type="checkbox"/> had an infection              |
| <input type="checkbox"/> had trouble breathing following delivery                             | <input type="checkbox"/> had seizures                  |
| <input type="checkbox"/> was given medications—if so, list medications below                  |                                                        |
| <input type="checkbox"/> born with a congenital defect—please describe below                  |                                                        |
| <input type="checkbox"/> was in the NICU (neonatal intensive care unit)—please describe below |                                                        |
| <input type="checkbox"/> was in the hospital more than 7 days—please describe below           |                                                        |

**When did your child start:**

understanding "no"	<input type="text"/>	months
saying single words (like "mama" or "dada")	<input type="text"/>	months
speaking, putting 2 or more words together	<input type="text"/>	months
sitting without help	<input type="text"/>	months
crawling	<input type="text"/>	months
standing up, holding on to something	<input type="text"/>	months
walking, without holding on to anything	<input type="text"/>	months
using a toilet consistently, during the day	<input type="text"/>	years <input type="checkbox"/> Not Yet
staying dry overnight	<input type="text"/>	years <input type="checkbox"/> Not Yet
puberty	<input type="text"/>	years <input type="checkbox"/> Not Yet <input type="checkbox"/> I'm not sure
having a period	<input type="text"/>	years <input type="checkbox"/> Not Yet <input type="checkbox"/> I'm not sure <input type="checkbox"/> N/A

**Describe any concerns about developmental milestones.**

**Has your child ever had:**

- |                                                                                                       |                                                                     |

## Presenting Problems

Have there been recent changes in your child's: ☐ sleep ☐ screen-time ☐ interests  
☐ diet ☐ activities ☐ reading  
☐ appetite ☐ hobbies

What books, workshops, blogs, religious teachings, etc. influence your parenting style?

What are you concerned about with your child?

What have you tried (e.g., other therapists, medications, or any “non-traditional” treatments)?

What do you want to address in this consultation?

What else should I know?
